Was Chief guest of the Annual functions of School. The school children staged very good shows. Subbarao and Nanda were with me.

Mama Deogirikar; Devaker and Gattal had been invited to Karmarkar's house for Dinner. I was also one of them. Dr. Kabbur was there. Requested Dr. Kabbur to spare [illegible] this year also. Told him that we were training youngsters and I wanted [illegible] simply to guide Vimal. He told me that there were jealousies amongst the women in Ghatprabha and that arrangements made by me in fixing the personnel were not liked by some. I told him that I knew everything and had sensed it. Therefore, this year also I have purposely proposed Vimal to be in charge. I told Kabbur that I won't allow one person to concentrate power in one's own hand. This aspiration of having power is bad and it must be gotten rid of.

Vimal's letter of the 19th written by her from Athani brought some news about the disturbance of her mental peace. She wrote to me about it and said "I can't keep anything secret to myself. I do not desire to wait until you come. So, I am writing to you now. You must be sure with it and tell you everything." She went on & said Mr. X.. went to my father and offered to marry me if he permitted. Father told him that he had no belief in remarriages and even she (myself) will not consent. Any way, it was her will." So saying my father dismissed him and told me to eight days later." Vimal says "Now that I have written this to you I forget it and I won't think about it. You should tear this letter and keep quiet." However, I have written to her a letter today in answer to hers. Brave girl! She must grow braver still.

We left Nandedkar's house at 7 A.M. and went to his brother's house for breakfast and to see his factory. We left his house at 8 A.M. Aravind had come to Nandedkar We took leave of all and started at 8. We dropped Sendhwa town because we had our breakfast at Indore itself. We did not stop in that town and made up the lost hours. At exactly 12.45 P.M. — 15 minutes earlier to the Scheduled Time we arrived at Kumaths Father-in-law's house. After lunch we went for a few minutes to Shetji's house, took mama who had gone to see the Shetji and started our trip. Enroute we saw two accidents — one was of a very serious nature the other was ordinary. We reached Nasik at 6.30 P.M. Then mama and I with Mr. Pawar went to reserve a seat in the A.T. Bus for mama. Then we went to see Mahabal whom we had not seen for a month or two. We finished our lunch. Mahabal came with Dr. Khadilkar. We sat chatting half an hours. Then came Sarvodaya Volunteers. Had a talk with them about the Wali future.

Shri Nittoor Srinivasa Rao, the Chief Judge of Mysore, arrived Bombay on the same train. He was met (20 Trains) and proceeded with his wife. He told me that Pandit and his daughter Manasa were found in the same train. So, we tried to search them in the train. Dr Vaidya, Balonkar, Narmada Vimal Sharma had gone to the station. Previous to this I had sent messages to Hubli and border stations that food will be kept ready on the Ekhalaprabha station. After the Shraddhs order food for the party anywhere.

8 **AUGUST, 1962–Monday 13**

News of the III and IV th flight in the Space – appeared today

Shravana 22 Monday Saka–1884 common

आगस्ट ता. १३ सोमवार, श्रावण शुद्ध १२ सं. २०१८ Vostok – Plan

1. Russias first manned space flight was by Yuri Gegarin on April 12, 1961 – Only one Orbit
2. And the second flight was by Gherman Titov on August 6, 1961 – Only 17 Orbits

U.S.A. Experiment

1st Licent-John Co Eglen on February 20, — 3 Orbits

2nd Licent Commander Malcolm Scott Carpentir on May 24 – 3 Orbs

3. Russias third flight was by Major Andrian Nikolayev on August 11, 1962 – An Orbit every 88½ minutes – Likely to stay in the Orbit for 3 days.
4. And the fourth flight was by Colonel Powll Royenovitch Popovicha Within 24 hours after the 3rd

Yuri Gegarin – 28 years of Age; married

Gherman Titove – 27 years of age; married; Round the earth 25 hours and 28 minutes

Andrian Nikolayev 32 years of Age; Bachelor;

Powll Royenovitch Popovitch 32 years of Age; married

4th flight — nearest distance from the earth is 111 miles Vostock IV longest is 158 miles.

These flights will constitute a definite step for future flights of man to the moon.
The main objective of this twin flight in space is to first to test the resistance of the human body to prolonged cosmic flights specifically concerning the effects of weightlessness
A three-way Radio link between the Russian spaceships Vostok III and Vostok IV and their ground Control station may play a big part in solving the communication problems of space ships flying to mars and Venus

On board these Vostok ships the travellers slept between 9 P.M. and 4 A.M. – 7 hours. When they were sleeping the Control of the Ship was taken over by the Earth people on Earth. With the help of the Telemetric system their pulse and Respiration was recorded.

AUGUST, 1962—Tuesday 14

Twin Space Flight

Vostoks III, IV Shravana 23 Tuesday Saka-1884

ऑगस्ट ता. १४ मंगळवार, श्रावण शुद्ध १४ सं. २०१८

The two Soviet Cosmonauts now in Orbit landed in one spaceship, and left the other flying empty in Space. Both these Crafts are apparently preparing to land by manual control.

Vostok I carried a man in space for one loop around the earth.
Vostok II took another for 17 loops.
Vostok III and Vostok IV were preceded by seven Cosmos unmanned Satellites studying the upper atmosphere in increasingly elaborate detail

The orbital flight of the Russian Astronaut Nikolayev near a journey to the moon was feasible.
The feat of endurance by Nikolayev is extraordinary. He has been in Space long enough to demonstrate that a lunar journey is possible
The two Cosmonauts worked, ate, slept, and walked about in their Capsules, feeling well, Calm, and completely relaxed.
The aims of the new technological feat—study of the interaction of two spaceships, testing of orbital telecommunication, determining the effect of prolonged space flights on biological objects and of prolonged weightlessness on the human body and mind—may be said to have been fairly achieved.
The Russian achievement has triumphantly shown the feasibility of the space rendezvous technique; a moon Vehicle is shot into a parking orbit, then another Vehicle will rendezvous with it and refuel it after which the first will blast off for the moon. This means that with the present boosters a round trip to the moon is possible soon. It is safe to conclude from what has been demonstrated in the last three days that lunar circumnavigation is likely sometime next year and a moon landing in two or at most three years.

We all went to Mudalgi this afternoon at 2. Sw. Vatsala Son. Dwaraka Smt. Vimal and Smt Suman Nawalkar and V.G. Kulkarni At Mudalgi, a Seminar was going on for two day. I was invited to deliver Valedictory address of this day. Mr. Kabbur an ex-M.L.A. was presiding over the meeting. Mr. Mathad, the B.D.O. was the Organiser. It is at this occasion that I went to Mudalgi.

Mudalgi's population is about Six thousand and a quarter. It is about 9 miles from Kalloli – the place known for Maruti Temple. All told this village is 18–19 miles away from Ghataprabha and is known for its Cattle market. Recently however the town has made an advance in agricultural products

Kashinath Sherade died this afternoon at 4.15 or 4.20

Had been to Kashinath. He was sinking fast. There were no hopes left. He was kept on oxygen & telephoned to Rama and informed him about the condition of Kashinath. He said he was coming by mail as he desired. Then I wired to Shripad Sherade Kalpadgi and informed him of the serious condition of Kashinath. He telephoned at about two 2 P.M and made enquiries about Kashinath's health. He said he couldn't come because of his suffering from dysentry. It pained me to hear him say it. He could have sent his son and the other brother Pandurang or his son. But it was not

Dhupdal meeting of teachers School and Udyoga Conference Teachers

Dr. Vaidya, Vatsala, Vimal, all teachers of Mrs Kendra visited for a visit to the Dhupdal

Points for my speech on "शाळेचे कार्य व शिक्षकाची जबाबदारी"

1. I am not an authority; but a friend. A friend of yours and a well wisher of my motherland.
2. शिक्षण – in what? In the number of children attending the School? Completion of three education is three. Food, Instrument, Salaries etc. should be used to attract. To attract Parents and through them attract children to school.
3. Let us have a broad vision. But we not think in such a manner as to make us feel that we are superior to others.
4. Character building should be the aim of the Teachers and not aim of increasing the number in the Standard.

[redacted] Narmada came to meet me at Wathar. She travelled to Poona and stayed at night at Alandi alone

We went to Kirloskar's "Kakaki" Bungalow at about 5.30 met Gunjar and Bhaskarrao's second son. Also, Mrs. P.M. Phalanı

We went to Alandi immediately. Vishnupant Hardikar was with me. Also, Narmada. Spoke to the Campers at night — after dinner. Attended their भजन program

On the whole, it seemed to me that Kumath, if given an opportunity is bound to produce good results. He has the knack of attracting youngsters and I think he has, to a great extent, succeeded in organising some portion of Maharashtra State. This time I found him reserved and I told Vishnupant about it

Wire from the Court to Board of [illegible]

Ashvina 18 Wednesday Saka-1884

ऑक्टोबर ता. १० बुधवार, आश्विन शुद्ध १२ सं. २०१९

Took Darshan of the Samadhi of [illegible]. Went to the municipality and had a talk with some members. After that we visited the Court again.

Two wires were sent — one to Pathan in reply to his saying that I won't cancel my programme. Reaching 13th evening and not on the 12th. please note.

The other wire to Shri M.D. Amte of [illegible] of [illegible]

This night came Dr. Bhandiwad to Vishrampant's house. For half an hour we were together. The man seemed to be playing with himself. Evidently he has no power of taking decisions. Will have to talk to Dr. Vaidya & Balankhe not to depend upon him.

Patel for the Jail to meet in the City of Poona how much?

Sowe Narmada Kunthakar a total sum of 279.20 (see her account on page Annual cash summary, at the end of this diary). Out of that she was given 125.00 for Wrist watch for Narmada Kunthakar

The watch was purchased at Poona on the 10th of October 1962

So the total now remaining with me is 279.20 − 125.00 = 154.20. Sowe [illegible]

She went to Panchgani by the noon bus from Poona.

At Hapur we spent the night and started very early ~~from~~ for muzaffarnagar. Reached same at about 10 A.M.

बैठक का उद्घाटन at Muzaffarnagar opening
राष्ट्रीय पुस्तकालय at मोरिचगढ़ी — opening
मोरनाथ हरिजन हाई स्कूल — Speech
रुड़कीवाले सीताराम — Visit and Darshan
भोजन — Lunch.

From 2 P.M. all programmes were arranged in Muzaffarnagar itself. Left Muzaffarnagar at 8 P.M. after dinner.

At makhiyali I found all roads dirty. walking on the roads was impossible. I referred to it in two of my speeches. Mr. Uma Prasad Tiwari, the G.O.C. of U.P. promised to take up the work of cleaning the Village within six months. I must go after the Harijan workers and see that the work is done by them as promised by Tiwari.

Here met an old friend Mr. Sheetal Prasad, Principal of D.A.V. College. His house was thrown open to me when I used work in meerut in 1946. His wife also treated me then as one of the members of the family.

At रुड़कीवाले सीताराम from where Ganga was visible, a tree was planted by each of us in the Compound of the सीताराम. The Swamy took us round. He showed us everything, explained everything and came with us to Muzaffarnagar. रुड़कीवाले सीताराम is 20 miles from Muzaffarnagar.

Early morning we went to the workers of Mandal No. 5. We saw physical exercises and had talk with workers.

At 9.30 We inaugurated the ज्ञानयज्ञ शिबिर in the Hall of District Parishad at Bareilly. I was presiding. Speakers were Sevadal workers they were: ① Madan Mohan, ② Shivattani ③ Bharat Deo Patel, ④ Rajada Sahab, ⑤ Om Prakash. These five friends spoke on the information series of the Sevadal. Inamdar explained reasons for starting this शिबिर. After Inamdar Shri Darbarilalji, the General Secretary of the U. Provinces addressed the audience. Also Nandakumar Deo Vasishtha. All spoke about the Goshti.

From there we went to the Dist. Congress Committee where members of the Dist. Congress Committee were meeting. About 60-70 members including ladies were present. Vasishtha Inamdar, Sharma and myself spoke. We stayed there for about an hour and a half. Then went to Shastriji's house for lunch. He is the President of the Nagar Congress Committee. After rest at the District Parishad's rest house we went to रिक्षा stand to go to the office of the Congress

शिबिर for tea at the house of Sevadal of this District is situated there. After tea we visited प्रौढ शिक्षण Primary School and addressed a large gathering of men and women. Nand Kumar and Inamdar, both addressed the meeting. Noticed very good enthusiasm at this place.

Mahila District Organiser of Bareilly is Shakuntala Mishra. She is being paid by the Centre of Sevadal. Good worker willing to any initiative. Full of enthusiasm and hard work to her credit. That is her value. She is paid ₹57—a month

Vimal to be sent to England or America to pick up fresh methods in education for little ones. For this purpose she will have to get ready with her English and improve that language. Have spoken about it to Education authorities of Delhi and we have this morning had a talk with them.

Had gone to the residence of Shri C.B. Gupta the Chief Minister of U.P. Had a talk with him. The General Secretary of U.P. Pradesh Mr. Sharma and Nanda Kumar Deo were with me. Mr. Gupta was being massaged. He looked the same as before. No difference because of his being C.M. of the Province.

A meeting of the U.P. Seva Dal Boards was held in the P.C.C. office at 7.30 P.M. Almost all members were present. A lot of discussion took place. All members have promised help. Tiwari is sure to get it from these people.

After the meeting a dinner party was held. After the dinner we went to the station and took our train for Delhi.

On the whole the work done by Tiwari is good and I think if he persists he will succeed in getting the Province organised.

Had lunch with V. T. Patil's this evening for dinner. We had a long talk about Mani Vidya peeth, and his relation with him. He spoke about Naik, his wife and the Bhagwat. He gave me information about Kanjaonkar's Trust and his business. I heard every thing and was surprised at every thing he told me. How avarious is the man! For self he does everything. That is the Trait.

Shanta and her elder brother arrived at 4 p.m. Her brother told me all about the suspension of his service by the District Magistrate of Ratnagiri. He showed me the order. I asked him to write to me a letter giving all facts and requesting me to do every thing to help him. I have asked him to give me a copy of the order also.

Spoken to Shanta today about the arrival of State Film Institute, Poona and about her being first on the list of the Karnatak Film Institute. Vimal and I told her that I depended upon Vimal and myself about this. She gave me a promise of becoming a Sevika of Seva Dal. I asked her about the secrecy she desired. She left it to me. She wants me to speak about this to Vimal. She wanted that we hold our meeting in the canteen tomorrow night or on the 2nd night. I have also sent word will hold a meeting of the staff nurses etc. and others before 7.30 with a talk on the 5th morning.

There I was supposed to address public meetings this evening. Smt. Vatsala, Dr. Vaidya and Shri Bhimrao Polder were in the Party —— Reached Jamkhandi at 4.30 P.M. went straight to the Govt. Hospital. Had tea with Dr. B Saw the Hospital and got necessary information from the doctor Dr. Mrs. Apte also was there. We gave her the golden ring which she had left in Ghata prabha. She gave it back to us saying that it is a donation from her W.K.H.I. & we could use it for whatever purpose we like. So, I had to take it from her. We will think as to what we should do with it. Under the Presidentship of Dr. Damodara Hulyalkar a public meeting was held in the Mandi market. I spoke for half an hour and at exactly 6.45 P.M. we left Jamkhandi with Sham. Waterfor Bijapur. At 8.10 P.M. we reached Bijapur. We went straight to the Congress office and then to the meeting place. Under the Presidentship of Shri V.B. Naik a public meeting was held in Radio Hall. A large crowd was there. A number of old friends were met and were greeted. After the meeting we were taken by Mr. Gundacharya to the T.B. then we went for food to Shri N.P. Desai's residence. At 10.30 P.M. we reached the T.B. Gh. Laji was waiting for us at the T.B. We fixed the other programme and then rested
